

# Camila Cabello - Taxi

tom:  
Capostrate na 2ª casa

**Gb** (forma dos acordes no tom de **E**)

**E**  
In a New York taxi cab  
**Dbm**  
With an English man  
**B**  
I've never been kissed like that  
**Aadd9**  
So come on, kiss me again

**E**  
And I felt your heartbreak  
**Dbm**  
Driving down Charlotte Street for the first time  
**B**  
Now we're slow dancing in your kitchen  
**Aadd9**  
How time's passed by

**B** **Dbm** **B** **Aadd9**  
We're out of time again tonight  
**B**  
Happens like this every time  
**Dbm** **B** **Aadd9**  
So what are you doin' for the rest of your life?

**E**  
Baby, keep kissing me softly  
**B**  
Holding me, whispering quietly  
**Dbm**  
Darling, I think that this might be the greatest love story  
**Aadd9** **E**  
That's never been, never been, never been, never been easy

**Dbm**  
Where the hell have you been hiding?  
**Aadd9**  
We'll tell the Moon when we're old  
**E**  
The greatest love story that's never been told

**E**  
Now we're walking hand-in-hand  
**Dbm**  
In an English town  
**B**  
Gonna meet your momma and dad  
**Aadd9**  
And I'm nervous now  
**E**  
Now I'm in your home  
Eating Sunday roast

**Dbm**  
And I say the wrong thing  
**B**  
Then you catch my eye, give me a smile  
**Aadd9**  
Say you fit right in

**B** **Dbm** **B** **Aadd9**  
We're out of time again tonight  
**B**  
Happens like this every time  
**Dbm** **B** **Aadd9**  
So what are you doin' for the rest of your life?

**E**  
Baby, keep kissing me softly  
**B**  
Holding me, whispering quietly  
**Dbm**  
Darling, I think that this might be the greatest love story  
**Aadd9** **E**  
That's never been, never been, never been, never been easy

**Dbm**  
Where the hell have you been hiding?  
**Aadd9**  
We'll tell the Moon when we're old  
**E**  
The greatest love story that's never been told

**Dbm**  
Funny how no one knows all of our inside jokes  
**B** **Gbm** **Em**  
You know my demons by name, I know your beautiful soul  
**Dbm** **B**  
All of the secrets we keep, you'll know that I'll never leave

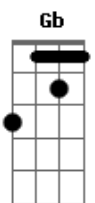

**E**  
So just keep kissing me softly  
**B**  
Holding me, whispering quietly  
**Dbm**  
Darling, I think that this might be the greatest love story  
**Aadd9**  
That's never been told

**E**  
Never been easy

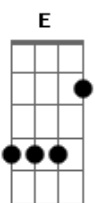

**Dbm**  
Where the hell have you been hiding?  
**Aadd9**  
We'll tell the Moon when we're old  
**Dbm**  
The greatest love story that's never been told

**Dbm** **B**  
And yet, there's still so much left to unfold  
**Aadd9** **E**  
The greatest love story that's never been told
