

# Camila Cabello - Used To This

tom:

Intro: A Dbm B

No, I never liked San Francisco  
 Never thought it was nothin' special  
 'til you kissed me there  
 No, I never liked windy cities  
 But I think maybe when you're with me  
 I like everywhere (Oh)

It's the strangest feelin'  
 Midnight, I'm not leavin'  
 No, for once, I think I'll stay (Oh)  
 I say your name, just listen  
 Doesn't it sound different?  
 Never whispered it this way

It's gonna take me a minute  
 But I could get used to this  
 The feelin' of your fingertips  
 The feelin' of another kiss  
 It's gonna take me a minute (Oh)  
 But I could get used to this (Oh)  
 Like every tattoo on your skin (Oh)  
 Memorizin' every inch  
 I could get used to this (Oh, oh, oh, oh)  
 I could get used to this, definitely

No, I never did like tequila  
 But there's something 'bout when I see ya  
 Think I need a drink  
 And the calluses on your fingers  
 I admire them from a distance  
 Now they're on my cheek

Oh, I've known you forever  
 Now I know you better

Let's just get carried away, oh (Oh)  
 And it bears repeating  
 How hard my heart's beating  
 When you tell me I should stay

It's gonna take me a minute  
 But I could get used to this  
 The feelin' of your fingertips  
 The feelin' of another kiss  
 It's gonna take me a minute (Oh)  
 But I could get used to this (Oh)  
 Like every tattoo on your skin (Oh)  
 Memorizin' every inch  
 I could get used to this (Oh, oh, oh, oh)  
 I could get used to this (Oh, oh, stay, stay, stay, stay)  
 I could get used to this (Oh, oh, oh, oh)  
 I could get used to this, definitely

No, I never liked San Francisco  
 Never thought it was nothin' special  
 'til you kissed me there

Oh, it's gonna take me a minute  
 But I could get used to this (Yeah)  
 The feelin' of your fingertips (Ah)  
 The feelin' of another kiss (The feelin' of another kiss)  
 It's gonna take me a minute (Oh)  
 But I could get used to this (Oh)  
 Like every tattoo on your skin (On your skin, oh)  
 Memorizin' every inch  
 I could get used to this (I feel it all)  
 I could get used to this (Your kisses, oh, I'll risk it all)  
 I could get used to this (Seventeen when we started to fall, but  
 We lost it all)  
 I could get used to this (And I just can't believe it all)  
 Definitely
