

Camilo Echeverry - Moderación (part. JP Saxe)

tom:
 I've done 2 AM arguing with someone else's doubts
 Trying to unravel hesitations that aren't mine to figure out
 Left that version of love at her door
 Skepticism ain't sexy to me anymore

 I've done ruining moments alone with my friends
 'Cause I've been texting about problems that never seem to end
 I don't want to be a question like before
 Skepticism ain't sexy to me anymore

 So, baby, don't; please, don't
 Want me in moderation
 You can't be halfway
 When I'm all, all the way in

 Baby, don't; please, don't
 Want me in moderation
 You can't be halfway
 When I'm all, all the way in

 All the way
 All the way
 You can't be halfway
 When I'm all

 Quiero que conmigo entregues
 Lo que nunca has entregado
 Lo que guardas en baúles
 Con cadenas y candados

 Y aunque me perdí la movie
 Que escribiste en tu pasado
 El spoiler es que acabas
 Siendo feliz a mi lado

 Y dicen las enciclopedias

Que un amor no sirve de nada
 Si se entrega a medias
 Baby, no; porfa, no
 Me ames con moderación
 Yo no sé, pero siento
 Que no has dado el cien por ciento
 Baby, no; porfa, no
 Me ames con moderación
 Yo no sé, pero siento
 Que no has dado el cien por ciento

 All the way
 El cien por ciento
 You can't be halfway
 When I'm all

 I've done chasing after someone who is too afraid to try
 To love themself and me at simultaneous times
 Maybe the challenge is what I was looking for
 But complicated ain't sexy to me anymore

 So, baby, don't; please, don't
 Want me in moderation
 You can't be halfway
 When I'm all, all the way in

 Baby, no; porfa, no
 No me ames con moderación
 Yo no sé, pero siento
 Que no has dado el cien por ciento
 All the way
 No me ames con moderación
 You can't be halfway
 Yo no sé, pero siento
 When I'm all, all the way in
 Tú no has dado el cien por ciento
