

Camp Rock 2 - Heart And Soul

Tom: **D**

(intro) **B E**

B
 Oh year alright umm
 Gather 'round guys
 It's time to start listenin
 Practice makes perfect
 But perfects not workin'

E
 Theres a law out 'bout music
 That no one really cues gonna be
 You can play all the right notes
 But that don't mean you move with me
 But if you can jump
 Like David Lee Roth
 Or pump your fist like your Bruce the boss
 If you got a heart and soul
 You can rock and roll
 Rock and roll

B
 Strummin'Drummin'
 Slide across from runnin'
 The stage is your home if you learn how to own it
 Like the great Sting
 There's no way that you can fake it
 You've got to feel the beat before you can move
 Even though you're not wearing blue suede shoes
 Makin' mistakes
 But that won't matter

If you can swagg like 'ol Mick Jagger

If you got a heart and soul

You can rock and roll

You can rock and roll

(**Gb A B D**)

E
 If you live and you die
 For the music inside
 If the one for five never gets sold
 Then you can rock and roll
 Rock and roll

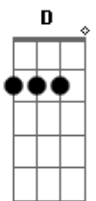

E
 Alright now take it low
 Now I need the spotlight to hit me
 Right here

As the crowd starts to cheer

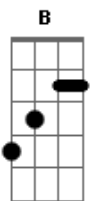

I need the fan to blow right through my rock star hair
 Right here
 If you can scream like Axl Rose
 Or sing like you've did a show after show
 If you've got a heart and soul
 You can rock and roll

E
 If you've got a heart and soul
 You can rock and roll
 You can rock and roll
 Ooo yeah
 Oo Oo
 Yeah
 You can rock and roll
