Camp Rock 2 - It's Not Too Late

Tom: E

   (intro) Dbm A E B

```
Dbm
Here I am
A                           E        B
Feels like the walls are closing in
              Dbm
Once again
A                 E         B
It's time to face it and be strong
A                      B
I wanna do the right thing now
Dbm                     E
I know it's up to me somehow
A                 B
I've lost my way
               A              E
If I could take it all back, I would now
         B              Dbm
I never meant to let you all down
A                      E
And now I've got to try
B                   Dbm
To turn it all around
A                 E
And figure out how to fix this
Dbm                      B
I know there's a way, so I promise
A                         E
I'm gonna clean up the mess I made
B
Maybe it's not too late
(Dbm A E B )
Maybe it's not too late, oh

  B           Dbm  A
So I'll take a stand
E                 B
Even though it's complicated
Dbm      A        E         B
If I can, I wanna change the way I've made it
A                   B
I wanna do the right thing now
Dbm                 E
I know it's up to me somehow
A              B
I've find my way

          A                E
If I could take it all back, I would now
         B              Dbm
I never meant to let you all down
A                      E
And now I've got to try
```

```
B                  Dbm
To turn it all around
A                           E
And figure out how to fix this
Dbm                         B
I know there's a way, so I promise
A                         E
I'm gonna clean up the mess I made
B                  Dbm B
Maybe it's not too late

B                          A
I'm gonna find the strength to be
E                             B
The one that holds it all together
Dbm                      A
Show you that I'm sorry
          E                B     Dbm B
But I know that we can make it better

Dbm                            A
If I could take it all back, I would now
E                            B
I never meant to let you all down
Dbm                     A
And now I've got to try
E                 B
To turn it all around

A                         E
And figure out how to fix this
Dbm                       B
I know there's a way, so I promise
A                         E
I'm gonna clean up the mess I made
(Mess I made)
                          B
Maybe it's not too late
E                            B
I never meant to let you all down
A               E
Now I've got to try
B               A
To turn it all around
A                         E
And figure out how to fix this
Dbm                       B
I know there's a way, so I promise

A                         E
I'm gonna clean up the mess I made
