## **Camp Rock 2 - This Is Our Song**

```
Tom: G
                                                               CGD
Intro: Em7 D G
                                                     This is our song
                                                               CĞD
So let's sing
Em7 D G
                                                     This is our song
                                                              CGD
Na, na na na na, hey, ya
                                                     This is our song
 C
Come on and sing
Em7 D C D D D
                                                     Come on and sing
                                                                    G
                                                     Em7 D
Na, na na na na, hey, ya
                                                     Na, na na na na, hey, ya
                                                      C
                                                     Come on and sing
С
                                                                     G
This is our song
                                                     Em7 D
                                                     Na, na na na na, hey, ya
G
That's all that matters
                                                        С
                                                     And come on and sing
Em7 D C D
                     D
 Em
'Cause we all belong right here together
C
           G
                                                     Na, na na na na, hey, ya
                     D
                           Fm7
There's nothing better than singing along
                                                      C G
This is our summer
                                                     This is our song
   G D
                                                                   Em7
                                                      D
D
This is our song
                                                     That's all that matters
C G D Em7
    D
                                                     'Cause we all belong right here together
G
And grab your guitar
                                                      C G D Em7
                                                     There's nothing better than singing along
C D
Sit by the fire
                                                      C
                                                                   D
                                                     This is our summer
                    D
G
'Cause we all need a song
C D
                                                      C
                                                              G
When tired
                                                     This is our song
Em7 D
We'll sit here together
                                                                   Fm7
                                                      D
                                                     That's all that matters
C G D Em7
Am D D
                                                     'Cause we all belong right here together
C G D Em7
And sing it outloud
C
                                                     There's nothing better than singing along
         G
This is our song D
             Em7
                                                     This is our summer
That's all that matters
C G D
                                                         CGD
                                                     D
                                                      This is our song
                            Fm7
'Cause we all belong right here together
                                                                CGD
C G
                   D Em7
                                                     This is our song
There's nothing better than singing along
                                                               CGD
                                                     This is our song
С
This is our summer
                                                             CGD
 C G D
This is our song
                                                     This is our song
D
