

# Camylio - Hurting Me, Hurting You

tom: Db (forma dos acordes no tom de C )  
 Capostraste na 1ª casa

Darling I've been putting you through hell  
 Pushing you away to save myself  
 Truth is I'm a little overwhelmed  
 Tryna be the shape of someone else

So I pick fights just so I feel loved  
 Avoid the blame when I mess it up  
 My words are now a waste  
 What have I done

It's hurting me hurting you  
 Every part of me's split in two  
 Go ahead and cut me loose  
 Tell your mom I'll miss her too  
 'Cause it's hurting me hurting you  
 I'm hurting you  
 I'm hurting you

I'm hurting you

Won't you put a knife right thru my heart  
 Leave without a word into the dark  
 'Cause I don't deserve to know your love  
 And the thought of losing us tears me apart

So I pick fights just so I feel loved  
 Avoid the blame when I mess it up  
 My words are now a waste  
 What have I done

It's hurting me hurting you  
 Every part of me's split in two  
 Go ahead and cut me loose  
 Tell your mom I'll miss her too  
 'Cause it's hurting me hurting you  
 I'm hurting you  
 I'm hurting you  
 I'm hurting you
