

Camyllo - Hurting Me, Hurting You

tom: Db (forma dos acordes no tom de C)
 Capostraste na 1ª casa

Darling I've been putting you through hell
 Pushing you away to save myself
 Truth is I'm a little overwhelmed
 Tryna be the shape of someone else

So I pick fights just so I feel loved
 Avoid the blame when I mess it up
 My words are now a waste
 What have I done

It's hurting me hurting you
 Every part of me's split in two
 Go ahead and cut me loose
 Tell your mom I'll miss her too
 'Cause it's hurting me hurting you
 I'm hurting you
 I'm hurting you

I'm hurting you

Won't you put a knife right thru my heart
 Leave without a word into the dark
 'Cause I don't deserve to know your love
 And the thought of losing us tears me apart

So I pick fights just so I feel loved
 Avoid the blame when I mess it up
 My words are now a waste
 What have I done

It's hurting me hurting you
 Every part of me's split in two
 Go ahead and cut me loose
 Tell your mom I'll miss her too
 'Cause it's hurting me hurting you
 I'm hurting you
 I'm hurting you
 I'm hurting you
