

Camylio - Hurting Me, Hurting You

```
tom:
                Db (forma dos acordes no tom de C )
Capostraste na 1ª casa
Darling I've been putting you through hell
Pushing you away to save myself
Truth is I'm a little overwhelmed
Tryna be the shape of someone else
So I pick fights just so I feel loved
Avoid the blame when I mess it up
My words are now a waste \frac{\mathsf{G}}{\mathsf{G}}
What have I done
It's hurting me hurting you
Every part of me's split in two
Go ahead and cut me loose
Tell your mom I'll miss her too
'Cause it's hurting me hurting you
           Am F C
I'm hurting you
            Am F C
I'm hurting you
```

```
I'm hurting you
Won't you put a knife right thru my heart
Leave without a word into the dark
'Cause I don't deserve to know your love
And the thought of losing us tears me apart
So I pick fights just so I feel loved
Avoid the blame when I mess it up
My words are now a waste
What have I done
It's hurting me hurting you
Every part of me's split in two
Go ahead and cut me loose
Tell your mom I'll miss her too
'Cause it's hurting me hurting you
           Am F C
I'm hurting you
            Am F C
I'm hurting you
           Am F C
I'm hurting you
