Oh, eu não sei se eram os antigos que diziam

Em seus papiros papillon já me dizia

Que nas torturas toda carne se trai

E normalmente, comumente, fatalmente

Felizmente

Displícitemente o nervo se contrai

Oh, com precisão

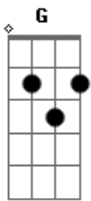

(G D Am)
 (G D C)
 (G D C)
 (Bm Am E)

Nos aviões que vomitavam pára-quadras

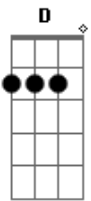

Nas casamatas, casas vivas, caso morras

E nos delírios meus grilos temer

 O casamento, o rompimento

O sacramento, o documento

Como um passatempo quero mais te ver

Oh, com aflição

 (Bm Am E)

Meu treponema não é pálido nem viscoso

Os meus gametas se agrupam no meu som

E as querubinas meninas rever

Um compromisso submisso, rebuliço no cortiço

Chame o padre Ciço para me benzer

Oh, com devoção
