We left under moonlight
We went with the breeze **Am**

The tumble and sway **Am**

So now I'm out drifting away
What can I say **Am**
You're barely listening, a sleep in **G**
The shade of tidal waves **F**

Someone throw a lifeline

I can't hold you closer

Without just sinking down

Once I'm safe from the deep
You're the waves at my feet **G**

That just keep pulling me out

By the power of the moonlight

Like the current dragging on you **F**
