Canyon City - Wish List

```
                          tom:
                Db
Intro: Db  Gb  Db  Gb

Db  Ab    Bbm
Say, call out
          Gb                        Db
Tear out a page and we'll make up a list like
Gb               Ab
Paper planes and cliffs I
Db            Ab   Bbm
Brace for the fall now
          Gb                        Db
Rush of the air as we're losing control so
Gb               Ab
Everyone's scared I know though

Gb     Db                    Ab
Has it ever been better than this
Bbm       Ab    Gb
Moment I'm with you
       Db                    Ab
In the weather it's shelter in risk it's
Bbm       Ab    Gb
Always a simple truth
          Db                   Ab
You're my measure by letter my wish list
Bbm       Ab    Gb  Ab
All I could write
You're a new line

Db   Ab   Bbm
Days slow down

          Gb                Db
Now that I let go of all I can't touch
Gb               Ab
All that I have is so much what
Db   Ab   Bbm
Stays close now
          Gb                Db
Holds all my life in the lines of a fist
Gb                Ab
Tightly yet everything fits has

Gb     Db                    Ab
Has it ever been better than this
Bbm       Ab    Gb
Moment I'm with you
       Db                    Ab
In the weather it's shelter in risk it's
Bbm       Ab    Gb
Always a simple truth
          Db                   Ab
You're my measure by letter my wish list
Bbm       Ab    Gb7  Ab
All I could write
                Gb
You're a new line
   Ab                          Bbm
My wish list, all I could write
   Ab                            Gb
My wish list, all right beside me
   Ab
My wish list it's just I

Gb     Db                    Ab
I've never been better than this
Bbm       Ab    Gb
Moment here with you
       Db                    Ab
In the weather it's shelter in risk it's
Bbm       Ab    Gb
Always a simple truth
          Db                   Ab
You're my measure by letter my wish list
Bbm       Ab    Gb  Ab
All I could write
             Gb7  Ab
You're a new line
           Gb   Ab  Db
You're a new line
```
