

# Car Seat Headrest - High To Death

Tom: C

I fell over  
 I fell onto the ground  
 I wish I was sober  
 I can't get up off the ground

I closed my eyes and thought I was blind  
 It's the middle of the night and I'll never be alright again  
 And this wallpaper keeps going around the room  
 Keeps going around the room and I follow it around the room  
 And I follow it around the room and I follow it around the room

Keep smoking, I love you

Keep smoking, I love you  
 Keep smoking, I still love you  
 But I don't wanna die, I don't wanna die  
 I don't wanna die, I don't wanna die  
 I don't wanna die, I don't wanna die  
 I don't wanna die, I don't wanna die

And I sat there on the steps, considering death  
 There were only seconds left of the night  
 And I said hell is the sun burning forever at the center of things  
 A ball on fire at the center of things, a ball on fire at the center of things  
 A brain on fire at the center of things, a brain on fire at the center of things
