

Car Seat Headrest - Stop Smoking

```
Tom: A
                                                                  We don't want you to die
                                                                  We don't want you to die
Stop smoking, we love you
                                                                  We don't want you to die
            Gbm
Stop smoking, we love you
                                                                  We don't want you to die
Stop smoking, we love you
                                                                  We don't want you to die
Stop smoking, we love you
                                                                  We don't want you to die
A Gbm
Stop smoking, we love you
                                                                  We don't want you to die
Stop smoking, we love you
                                                                  ( A E Bm G )
( A E Bm G A )
And we don't want you to die
