tom:

Intro: F Dm Bb C

Here I come, I won't be long

Just to ask what you should know

There's this land down below

No hope in my soul
There's no feeling, this world is too cold

Here I lie and watch the stars

Feel I'm dreaming all my life

Here's the love I forgot

My heart's dancing glow

Something is wrong, I don't belong

Oh, no

Nobody knows I'm here, yeah, yeah, yeah

Bb C
Nobody's talking to me

C Bb
And no one can set me free

Dm G
Nobody knows I'm here, yeah, yeah, yeah

Bb C
Someday the stars over me

Will fill what I need to feel

(F Dm Bb C)
