

Carlos Silva - Forró da Liberdade

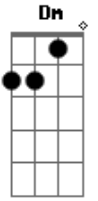

Am tom:
 Anoiteceu, olhei pro céu e vi estrelas
 Tão prateadas prateando o meu sertão
 O povo todo sorrindo se abraçavam
 Os casais se aproximavam pra dançar o São João
 Festa bonita, ver roncar a concertina

G C
 Um chamego da menina fogo de paz e paixão
 Am Dm
 Louvando a vida com muita felicidade
 E o forró da liberdade nessa grande animação
 G C
 Eu vi de volta o xote e o xaxado
 G C
 O versar improvisado de um poeta cantador
 G C
 A alegria, da quadrilha quadrilhando
 E o povo todo cantando enaltecendo o amor
