

# Carlos Silva - Leveza

tom:

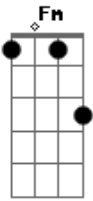

Uma doce leveza toma conta de mim  
 Algo que há tanto tempo  
 Não sentia assim  
 Quero crê que é um ciclo  
 Que se abre pra mim

Bem vinda leveza, toma conta de mim  
 Me inunde a tal ponto, de contagiar  
 Os que se aproximam desse meu caminhar  
 Me ensine em canção  
 Doces versos de amor  
 Que a leveza da vida  
 Siga-me onde eu for
