

Carlos Silva - Vento Viola e Cantiga

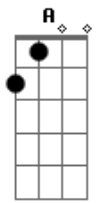

tom: A

Vento viola e cantiga
 Sopro de beira de estrada
 Água que brota da fonte
 Nascente fazendo aguada
 Despejo um verso em cantiga
 Dentro da noite estrelada

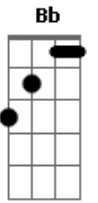

Uma cascata que canta
 Ao som de uma enxurrada

E os versos do poeta
 Brilhando com luz vagalume
 A natureza convida
 Pra sentir o doce perfume
 Do meu sertão puro e santo
 De gesto amor e costume
