         Bb                       Cm
From the day we arrive on the planet
     F7                       Bb
And blinking, step into the sun
         Gm                       Cm
There's more to see than can ever be seen
         Ab                   F    F
More to do than can ever be done
         Bb                       Cm
There's far too much to take in here
         F7                   Bb
More to find than can ever be found
         Gm
But the sun rolling high

Through the sapphire sky
                  Ab                          F
Keeps great and small on the endless round

And it moves us all

Through despair and hope
                 F     F
Through faith and love
                  Bb   G
Till we find our place
                Cm    Gb
On the path unwinding
          Bb    F
In the circle

The circle of life
