Tom: Gb

(forma dos acordes no tom de D )

Capostrate na 4ª casa

Intro: D A

D  
Let's look at pictures from 2013

A  
And talk out of our asses  
Of who we used to be

D  
You've been inside my thoughts ever since

A  
I could even write you a sin  
If you're sick of the tragedies

D  
Of this town  
I feel down  
Playing EarthBound

A  
And not wanting to be found

D  
I think you've had enough

A  
From that phone call  
I remember that you said that we should

D  
Settle down, settle down

A  
Settle down, I'm on my way  
Maybe we should

D  
Settle down, settle down

A  
Settle down, I'm on my way

D

I miss those afternoons we spent on the couch

A  
Hiding from your dad  
While he walked around the house

D  
I probably think about this too much

A  
But how much is too much?

D  
We broke up  
I broke down  
I'll shut up  
And make sounds

A  
But you won't even care  
If I sing about the colors of your hair

D  
(I wish I could live this again)

A  
So I could write the same song for the same girl  
From the same five years ago, but won't you

D  
Settle down, settle down?

A  
Settle down, I'm on my way  
Maybe we should

D  
Settle down, Settle down

A  
Settle down, I'm on my way  
Oh, won't you

F  
Settle down, settle down?

A  
Settle down, I'm on my way

( D A )
