

Carmen - Symphonies

Tom: G

I think I found a place for you and me
 Where we could hide and write some
 Symphonies

I said I never loved someone as much as her
 And I said I wouldn't go

By now I would be lost on those empty
 Streets

Asking myself if it was just a dream

But you are here with me, and I know this
 Is for real

And I said I wouldn't go

I'll just keep lying to myself that I'm
 Fine tonight

And go to places I know you don't like
 I'm not running away from you

I just wish that you could do the stuff you
 Like when you're on your own

(G)

I'm sick of people telling me what to be
 I think I might just write them symphonies

I said I never loved someone as much as her
 And I said I wouldn't go

I'll just keep lying to myself that I'm
 Fine tonight

And go to places I know you don't like
 I'm not running away from you

I just wish that you could do the stuff you
 Like when you're on your own

But I wouldn't go, you know I wouldn't go
 But I wouldn't go, you know I wouldn't go

But I wouldn't go, you know I wouldn't go
 But I wouldn't go, you know I wouldn't go
 But I wouldn't go, you know I wouldn't go
 But I wouldn't go, you know I should have
 Never let you go

Acordes
