

Carole & Tuesday - Give You The World

tom:

Intro: Cm Ab Fm G7

[Primeira Parte]

You keep me holding on
 Bated breath, so it's something
 Baby, you like to play your games
 Messing with my brain like it's nothing

[Pré-Refrão]

When you call, I come running right over the edge
 And I'm falling, ooh
 Got me chasing these eight letters, three words to say
 I'm all in

[Refrão]

Don't you know, baby
 I would give you the world?
 But you take it from me
 Can't you see I would do
 Oh, everything for you?
 I'd steal you the moon, the sun, the stars, every one
 If you would just say I'm your girl
 I'd give you the woooooorld, I'd give you the world

[Segunda Parte]

I didn't want no one
 I was over love, always something
 Baby, you caught me off my guard
 Held me in your arms
 Heartbeat pumping

[Pré-Refrão]

When you touch me, I melt
 In your hands like your fire in December, oh
 But no matter how close we get
 You never seem to surrender

[Refrão]

Don't you know, baby
 I would give you the world?
 But you take it from me
 Can't you see I would do
 Oh, everything for you?
 I'd steal you the moon, the sun, the stars, every one
 If you would just say I'm your girl
 I'd give you the woooooorld, I'd give you the world

[Ponte]

Oh - oh - oh - oh - oh
 I'm giving you all of my love
 Oh - oh - oh - oh - oh
 But boy, it's been long enough, no
 Oh - oh - oh - oh - oh - oh

[Refrão]

Don't you know, baby
 I would give you the world?
 But you take it from me
 Can't you see I would do
 Oh, everything for you?
 I'd steal you the moon, the sun, the stars, every one
 If you would just say I'm your girl
 I'd give you the world, I'd give you the world
 I'd give you the world
