

# Caroline Polachek - Sunset

tom:  
Intro: **D**  
[Primeira Parte]  
These days I wear my body like an uninvited guest  
I turn it right, and right, and right, instead of turning left  
But boy, your patience is a magic kind of medicine  
'Cause every spiral brings me back into your arms again

[Refrão]  
So no regrets, 'cause you're my sunset  
Fiery red, forever fearless  
And in your arms a warm horizon  
Don't look back, let's ride away, let's ride away (Hey!)

[Segunda Parte]  
So many stories we were told about a safety net (Hey!)  
But when I look for it, it's just a hand that's holding mine  
I'm wearing black to mourn the sudden loss of innocence  
And that's alright because it hides the dirt and hides the wine

[Refrão]
