G  
I've been down

Now I'm blessed

C  
It's so amazing  
G C  
Everytime I see you, I'm alive  
Am  
You're all I've got  
D  
You lift me up  
Am C  
The sun and the moonlight  
D  
All my dreams are in your eyes

Chorus:

G C  
I wanna be inside your heaven  
Am  
Take me to the place you cry from  
Am C D

Where the storm blows you away  
G C  
I wanna be the one to hold you  
Am C  
Every bit of air you're breathing in  
D  
A soothing wind  
G  
I wanna be inside your heaven

Bridge:

Am C  
When minutes turn to days and years  
Am D  
If mountains form I'll still be here  
Am C D  
Holding you until the day I die

I wanna be inside your heaven  
Take me to the place you cry from  
Where the storm blows you away  
I wanna be inside your heaven  
Take me to the place you cry from  
Where the storm blows you away  
I wanna be the one to hold you  
Every bit of air you're breathing in  
A soothing wind  
I wanna be inside your heaven
