[Solo]

F G
 I was running on an empty heart
 F G
 Not a trace of gasoline
 F G
 Trying to dim every single spark
 Am G
 That could hurt, that could burn all of me
 F G
 Like a soldier on the battleground
 F G
 Lying wounded on the field
 F G
 I was fighting alone with a broken sword
 Am G
 Now I'm caught in a war with no shield
 F G F
 If you hold me now and leave me never
 G Am
 Say you'll stay with me forever

Then I__ surrender, surrender
 F G F
 If you hold me now and leave me never
 G Am
 Say you'll stay with me forever
 G F G
 Then I__ surrender, surrender
 (F G F G F G)
 F G
 Surrender, surrender
 F G
 I pushed and pulled all the ones that tried
 F G
 Then I watched them fade away
 F G
 As I look around a vacant room
 Am G
 I see nobody left here to blame
 F G
 Cause I made myself a prisoner
 F G
 Shackled up by all my fears
 F G
 But I feel you breaking away at the walls
 Am G
 Make them fall make them all disappear
 F G F
 Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh, Surrender
