

Cássio Gava - O Que Ficou de Você

tom:

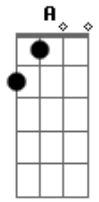

Já não dói a dor que ontem me doía
 Nem essa lembrança é mais minha fobia
 O sangue do talho já é seco e incolor
 Mas, de sobra, deuses brilham, mesmo que ausentes
 Já não dói a dor mas tenho ainda os dentes

Pra lembrar-me a dor

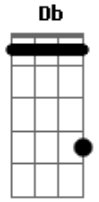

Minha pele vai ter pra sempre este desenho
 Desse seu sorriso tão cravado em minha pele
 (O seu calor)

Venha acabar o que ficou por fazer
 Que é desfazer o que ficou de você
