

# Casting Crowns - Wedding Day

Tom: C  
Intro: C Gm F

Verso:

There's a stirring in the throne room  
And all creation holds its breath  
Waiting now to see the bride groom  
Wondering how the bride will dress  
And she wears white  
And she knows that she's undeserving  
She bears the shame of history  
But this worn and weary maiden  
Is not the bride that He sees  
And she wears white, head to toe  
But only He could make it so

Refrão:

When someone dries your tears  
When someone wins your heart  
And says your beautiful  
When you don't know you are  
And all you've longed to see

Is written on His face  
When love has come and finally set you free  
On that wedding day  
On that wedding day  
She has danced in golden castles  
And she has crawled through beggar's dust  
But today she stands before Him  
And she wears His righteousness  
She will be who He adores  
This is what He made her for

(Refrão)

When the hand that bears the only scars  
And heaven touch her face  
And the last tears she'll ever cry  
Are finally wiped away  
And the clouds roll back as He takes her hand  
And walks her through the gates  
Forever we will reign

(Refrão)
