Intro: ,base( **Em,C** )  
( **Smog** )

When I was seven I told my mother,  
To take me to the bay and put me on a ship.

Silver swordfish electric,  
I can feel or dream down here.

If the water should cut my mind,  
If the water should cut my life,  
If the water should cut my mind,

Set me free,  
I don't care,  
I want to live in a bathysphere.  
( **E,C** )  
When I was seven my father said to me,  
"But you can't swim."  
And I've never dreamed of the sea again.  
( **Em,C** )  
If the water should cut my life,  
If the water should cut my line,  
( **E,C** )  
If the water should cut my mind,  
Set me free,  
I don't care,  
I want to live in a bathysphere.
