Standard Tuning

This tab should be fairly accurate, and the song is quite easy to duplicate by just listening to the record. Just improvise using the sections below. The song sounds great on a nylon string guitar, or electric guitar with some kind of "dubbed" sound. If playing on a steel string guitar, I like tuning it down 0.5 step.

Acordes

Main Verse

time just before vocals enters.

1 sometimes during the vocal "chorus" (... in a cross bones style...), also as bridge before "somekind-of-solo".

2 sometimes during end of singing.
this 3 becomes a 4 sometimes.

"somekind-of-solo"
