

# Cat Power - Rockets

Tom: A

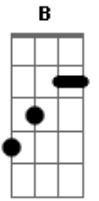

Where do the dreams of babies go  
 'Cause you know they're all so good  
 And they're also gone so fast  
 Keep all the guns at home  
 Help keep your mamma safe  
 'Cause you know she's pretty good too  
 Where is the night so warm and so strange  
 That no one is afraid of themselves  
 Here, pick up, dig, dig out those weeds  
 Out of your happy go lucky fields  
 Of such predictive thinking  
 Where do the rockets find planets  
 Where do the rockets find planets  
 Where do the rockets find planets  
 Where are the dreams of the babies going  
 'Cause you know they're all gone fast

Take, take as much as you can  
 'Cause you know it's going so fast  
 And you know it's so good  
 Where are the man that mounted so brave  
 That they do not explode over everyone  
 Here, pick up, dig, dig out those weeds  
 Out of your happy go lucky fields  
 Of such predictive thinking  
 Where do the rockets find planets  
 Where do the rockets find planets  
 B D E D  
 Keep your guns at home keep your guns at home  
 Help keep your mamma safe  
 You know she's all good too  
 She's pretty good  
 Where are all the dreams of babies going  
 Did you know they're all good
