

# Cat Power - You may know him

Tom: **C**

(A,C,B,G)

Oh Lord heaven is the name that you sent me  
Oh Lord heaven is the name that you gave him  
And then he came to life and he lived  
All others strange because who could of thought  
That you meant so much to me

Oh Lord heaven is the name that you gave him  
Surprised by the rise in sin you came through over and over  
again

Lord heaven is the place that you sent him

And you may know him  
And you may know him only you  
Lord i've never doubted for an instant  
If we did what you say  
And we do it everyday  
If we did what you say  
And we do it everyday

Lord if heaven is the place he believed in it's all you can do  
Oh Lord heaven is the name that you sent me  
Oh Lord surprised by the rise in sin you came through  
You came through
