

# Cate - Rocket Science

tom:  
 Capotraste na 3ª casa Bb (forma dos acordes no tom de G )  
 Intro: G D Em7 C

[Primeira Parte]

Yeah, it would've been nice to get a morning text  
 It would've been sweet if you stopped seeing your ex  
 But I know, it's out of your control

[Segunda Parte]

Yeah, it would've been cool if you liked my friends  
 I would've felt lucky if you kept your plans  
 But I know, you got places to go

[Refrão]

Crazy was something you made me  
 When you started saying  
 I was difficult  
 Stupid was you when you blew it  
 You're stubborn and foolish  
 For letting me go  
 Said you were really trying  
 But babe, loving me isn't rocket science

( G D Em7 C )

[Terceira Parte]

Yeah, I don't mind you flirting when we're out for drinks  
 As long as the blonde you're eyeing is me  
 But oh well, you got stories to tell

[Quarta Parte]

Just talk to me like I'm your only girl

I don't think that I'm asking for the world  
 I'm not asking for a lot

[Refrão]

Oh, crazy was something you made me  
 When you started saying  
 I was difficult  
 Stupid was you when you blew it  
 You're stubborn and foolish  
 For letting me go  
 Said you were really trying  
 But babe, loving me isn't rocket science

( G D Em7 C )

[Ponte]

Yeah, you know the thing that I hate  
 Is that a stupid mistake  
 Can sometimes hurt the most  
 Baby, you were running around  
 With everyone from this town  
 Did you think I didn't know?

[Final]

Crazy was something you made me  
 You did this, then blamed me  
 For being vulnerable  
 Stupid was you when you blew it  
 I loved you, you knew it  
 Now I'm letting go  
 Said you were really trying  
 But babe, loving me isn't rocket science
