Flaming star

When I ride, I feel that flaming star  
 That flaming star, over my shoulder  
 And so I ride, front of that flaming star  
 Never lookin' around, never lookin' around  
 Flaming star, don't shine on me, flaming star  
 Flaming star, keep behind me, flaming star  
 There's a lot of livin' I've got to do  
 Give me time to make a few dreams come true  
 Flaming star  
 One fine day, I'll see that flaming star  
 That flaming star, over my shoulder  
 And when I see, that old flaming star  
 I'll know my time, my time has come  
 Flaming star, don't shine on me, flaming star  
 Flaming star, keep behind me, flaming star  
 There's a lot of livin' I've got to do  
 Give me time to make a few dreams come true
