

# Catedral - When The Summer Comes

Tom: **D**  
Intro:  
(esse solo é usado também em alguns trechos da música)

When the summers comes  
I want to be stronger than I am  
Without fear in my eyes  
No reason to cry  
When the summers comes  
The raising sun appears for everyone  
A reason to forgive  
To live, we need to live

**Bm**  
Come

don't stop to dream about  
With god in our heart  
The dream is more than reality  
With you  
I'm more than I can say  
And I need you so much  
For ever by my side  
When the summers comes  
The raising sun appears for everyone  
A reason to forgive  
And all we needs is just to be free
