

## **Catfish And The Bottlemen - Fallout**

```
Tom: Eb
                                                               We just always
                                             C)
                                                               Seem to just fallout
 (com acordes na forma de
Capostraste na 3º casa
                                                                         Am
                                                               When I'm most in need of it
I pissed you off again
                                                               You just always
So that you'd leave me
                                                                Seem to just callout
                                                               When I'm up for leaving it
Alone in Leeds again
I got my stuff and left
                                                               I'm sorry if I drove
Cause I've got this friend see
                                                               Your matches to my clothes
         F C
                                                               But you know how I can get sometimes
   Am
Who put me up again
                                                               I'm sorry if I drove
But no you still had to call
                                                               Your matches to my clothes
But no you still had to come
                                                                      G
                                                               Woo!
We just always
                                                               You see I
Seem to just fallout
                                                               I was a Test Tube baby
            \mathsf{Am}
When I?m most in need of it
                                                               That's why nobody gets me
          F
                                                               You see I
 Αm
I spent my yesterday
Ducking your calls
                                                               Struggle to sleep at night
                                                               But it?s fine she never lets me
& in fear that things would change
                                                               C
      F C
 Am
                                                               you see I
I tidied up my place
Cause you always told me
                                                               I was a Test Tube baby
                                                               That's why nobody gets me
It got me thinking straight
                                                               You see I
But no you still had to call
                                                               Struggle to sleep at night
But no you still had to come
                                                               But it's fine Mary don't let me
                                                               CFCF
```
