## **Catfish And The Bottlemen - Hourglass**

```
Chest infect me, waste my days
Cause I know you love to drive me up the wall
I know you love to drive me up the wall
I wanna bring you home myself
                   A Ab Gbm Ab E
Bring you home myself
       Dbm A
And I'm so impatient when you're not mine
       Dbm
I just want to catch up on all the lost times
And I'll say I'm sorry if I sound sordid
Cause all I really ever want is you
B A E (2x)
Offer my hand and I'll take your name
Share my shower, kiss my frame
Cause I wanna carry all of your children
And I wanna call them stupid shit
```
