

Catfish And The Bottlemen - Pacifier

```
Intro: C Am F )
There's always something to hide
There's always someone to lead on with you
Obligatory wine
Evidently proves that I don't need you
She said: Oh please, you're obsessed!
I said she looked overdressed
She deffo didn't like that no
She said: I'm feeling like it's putting on
                     C7 Am
When you say you don't need me
And you want nothing of me
Oh but babe, you know I've tried and failed
But you just don't know how it feels
To lose something you never have and never will
There's always some kid to snide
They took my mother at thirteen
```

```
And pacifically I
Evidently proved that I don't need you or no one
She said: It's you I detest!
I said she looked underslept
She deffo didn't like that no
She said: I'm feeling like it's putting on
                     C7 Am
When you say you don't need me
                   C7 C
And you want nothing of me
Oh but babe, you know I've tried and failed
But you just don't know how it feels
To lose something you never have and never will
Oh but babe, you know I've tried and failed
But you just don't know how it feels
                                                     G
To lose something you never have and never will
I'm a pacifier, I'm a pacifier
I'm a pacifier, I'm a pacifier
