

Catherine McGrath - Talk Of This Town

Tom: C

apotraste na 2ª casa [Intro] D Em G A

Never did fit in
 Always the one left out
 Just the girl at the back
 You never gave a damn about
 Tough growing up
 When they shoot you down
 But I knew someday someway
 It was all about just getting out

Then I turned eighteen
 Said "I'm gonna sing"
 Packed my bags and they laughed
 Said "you'll never be anything"

Well, talk of the town
 That's what I am now
 Hear them whispering about the dreams I have
 Behind my back
 I'm just the girl with her head in the clouds
 Feet off the ground, I'm going up, no, I won't come down
 So I'll keep walking, you'll keep talking
 I'll move on and still be the talk of this town

(D Em G A)

Well, the word got back
 And it wasn't so good
 The city scared me a little more
 Than I thought it would
 They said "I told you so"
 "We knew it wouldn't last"
 But I'm not crying to my mama
 I'm doing what I wanna

Bet you weren't expecting that, yeah

Talk of the town
 That's what I am now
 Hear them whispering about the dreams I have
 Behind my back
 I'm just the girl with her head in the clouds
 Feet off the ground, I'm going up, no, I won't come down
 So I'll keep walking, you'll keep talking
 I'll move on and still be the talk of this town

One day I might be on your TV screen
 Smiling in your magazine
 The last thing that you ever thought you'd see is me, yeah

The talk of the town
 That's what I am now
 Hear them whispering about the dreams I have
 Behind my back
 I'm just the girl with her head in the clouds
 Feet off the ground, I'm going up, no, I won't come down
 So I'll keep walking, you'll keep talking
 I'll move on and still be the talk of this town

Talk of the town
 That's what I am now
 Hear them whispering about the dreams I have
 Behind my back
 I'm just the girl with her head in the clouds
 Feet off the ground, I'm going up, no, I won't come down
 So I'll keep walking, you'll keep talking
