

# Cavetown - Dear

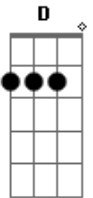

tom:

**D**  
Everyone's got a thing  
A thing they don't like  
A thing that makes them stare in front of the sink  
With tears in their eyes  
Everyone's got a thing  
Maybe they won't cry  
Maybe they can't even bear to utter the words  
The doctor prescribed  
I won't even lie  
I'm screaming inside all the time  
It seems like a breeze  
It feels like a dream  
But I don't wanna die

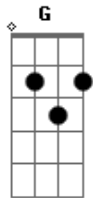

**G**  
She can't stop hurting herself and  
He won't look in your eyes  
Friend, I knew every time you were lying

And he got himself messed up with the wrong guys  
Everyone's got a thing  
A thing they don't like  
A thing that makes them double-think when  
They're standing at the railway crossing lights  
Gotta stop forgetting the fact  
It's not just me in this goddamn world  
My brain is a child, I will love him for that  
But don't lose sight of your baby girl  
I don't wanna wake up sometimes  
And I don't wanna sing  
And I don't care what happens tonight  
As long as I feel something  
(I don't wanna wake up sometimes  
And I don't wanna sing  
And I don't care what happens tonight  
As long as I feel something)  
[Final]
