

Cavetown - Sweet Tooth

tom:
 Feeling sick of myself
 Think I'll try to be someone else
 Can't be hard to paint a person
 In my head create a version
 A parallel
 Pull my head out the sand
 Try as hard as I can
 Guess I must be satisfactory
 You said you love me exactly the way I am
 And you know I find it hard to understand
 Pay a visit to the doctor 'cause I have
 A sweet tooth for you
 I'm wide awake
 The sugar went straight to my brain
 Feel like a kid, I double tap
 My chest with my fist
 I like you
 Say it back
 Say it back
 Never had a cavity
 Never had nobody as sweet as you
 Smooth around the edges, good as new

Gently insulating every rendez-vous
 Caught myself blaming planets like you do
 I know every line and curve of your tattoos
 A sweet tooth for you
 I'm wide awake
 The sugar went straight to my brain
 Feel like a kid, I double tap
 My chest with my fist
 I like you
 Say it back
 Say it back
 Sweet tooth for you
 My dreamin' space
 It's filled with scribbles, tore the page
 Decipher them with colored paint
 Repair the stitches in my face
 Sweet tooth for you
 My honeydew
 I'll see you in my garden soon
 Beneath the skin, it's cardiac
 A safety pin
 I like you
 Say it back
