For a moment, there it goes  
 Turn around, next thing you know  
 Love is back

Bm  
 Oh, my God, I feel so bored  
 Am  
 I'm startin' to realise that all the boys that I find  
 Bm  
 Are all trouble, I told my mother  
 Bm  
 She said, "Girl, get your glass full"  
 D  
 So I did and I saw

Am  
 You  
 Bm  
 I saw you gleaming across the scene, across the room  
 Am  
 It's all in you

 I need the meaning when I see it all in you

Bm Em  
 Hallelujah, it's nice to know you  
 Am  
 It's so peculiar how you've come and changed my mind  
 Bm

I'll forever stop, hope it doesn't hurt  
 What's your preference? 'Cause I know mine

Am  
 And it's you  
 Bm  
 Foolish of me to say these things, but I want you  
 Am  
 I know it's all in you  
 Bm D  
 Don't need a reason when I see it all in you
