

# Celina Sharma - 24/7 (Feat. Harris J)

tom:  
 Can we just sit down  
 Have a little conversation  
 Yeah, I wanna talk it out  
 ?Cause I'm all up in my feelings  
 I never felt this before  
 And I just wanna feel some more  
 It used to keep casual  
 Now I wanna just be yours  
 Can we sit down?  
 Try to have little conversation  
 See, you got me all in my head  
 Every day with you is like the weekend  
 I try to quit, but truth is I don't want to  
 Yeah  
 'Cause twenty-four seven I'm thinking about you  
 'Cause twenty-four seven I'm thinking about you  
 You, you, you, you, you, you, you, you, you, you  
 Twenty-four seven I'm thinking about you  
 You, you, you, you, you, you, you, you, you, you

F  
 ?Cause twenty-four seven I'm thinking about you  
 C  
 Staring at the clock  
 Had I guessed we're diamond patient  
 I know you just left  
 But I'm missing you like crazy  
 I usually don't get this far  
 Always cut them off before  
 My heart gets in too deep  
 I'mma let you in too deep  
 Now tell me how's that for a little motivation  
 See you got me all in my head  
 Every day with you is like the weekend  
 I try to quit, but truth is I don't want to  
 Yeah  
 'Cause twenty-four seven I'm thinking about you  
 'Cause twenty-four seven I'm thinking about you  
 You, you, you, you, you (thinking about you) you, you, you, you, you  
 Twenty-four seven I'm thinking about you, oh  
 I've been thinking about you
