Intro: E A E B

You are a wildfire and I wanna be your oxygen  
 You are a dreamer and I'll be the arms you're sleepin' in  
 You are a butterfly and I wanna be your blue sky  
 You are a gypsy and I'm on your passenger side

Wherever you go, oh, I'll be  
 When you need me close, oh, I'll be  
 No, you won't be alone  
 Through the highs and the lows  
 You know you got me  
 Wherever you go, oh, I'll be

You are an angel and I wanna be your messenger  
 You are the lightnin' and I wanna be your thunder  
 You are a shooting star and I wanna be your night sky

If you're ever lost, babe  
 You just gotta close your eyes  
 Wherever you go, oh, I'll be  
 When you need me close, oh, I'll be  
 No, you won't be alone  
 Through the highs and the lows  
 You know you got me  
 Wherever you go, oh, I'll be  
 (Whoa, oh, whoa, oh) i'll be  
 (Whoa, oh, whoa, oh)  
 Wherever you go, oh, I'll be  
 When you need me close, oh, I'll be  
 No, you won't be alone  
 Through the highs and the lows  
 You know you got me  
 Wherever you go, wherever you go, I'll be
