tom:
 Capotraste na 4ª casa
 Intro: E A E B

You are a wildfire and I wanna be your oxygen
 You are a dreamer and I'll be the arms you're sleepin' in
 You are a butterfly and I wanna be your blue sky
 You are a gypsy and I'm on your passenger side

Wherever you go, oh, I'll be
 When you need me close, oh, I'll be
 No, you won't be alone
 Through the highs and the lows
 You know you got me
 Wherever you go, oh, I'll be

You are an angel and I wanna be your messenger
 You are the lightnin' and I wanna be your thunder
 You are a shooting star and I wanna be your night sky

If you're ever lost, babe
 You just gotta close your eyes
 Wherever you go, oh, I'll be
 When you need me close, oh, I'll be
 No, you won't be alone
 Through the highs and the lows
 You know you got me
 Wherever you go, oh, I'll be
 (Whoa, oh, whoa, oh) i'll be
 (Whoa, oh, whoa, oh)
 Wherever you go, oh, I'll be
 When you need me close, oh, I'll be
 No, you won't be alone
 Through the highs and the lows
 You know you got me
 Wherever you go, wherever you go, I'll be
