

# Céline Dion - Surprise Surprise

Tom: E

**E**  
Surprise surprise

**Gb**  
I told you lies

**A** **E**  
I thought the truth would set you free

**E**  
Surprise surprise

**Gb**  
It isn't all as it seems

**A** **E**  
But who knew you'd wake up from your dreams

**Abm**  
If I told you myself

I could have saved you the hell

**Abm**  
Now look who's sorry

God I'm so sorry

**A**  
It was never the right time

**B**  
I guess it's do or die

(CHORUS)

**E** **B**  
Just when you think you've got me figured out

**Dbm** **A**  
Just when you think you know me well

**E** **B**  
Baby you've barely even broke the ice

**Dbm**  
My river runs wide

You're not inside

**A** **E**  
But you're closer than you were

**E** **Gb**

Tonight I'm a chameleon

**A** **E**  
And every spot's hiding my scars

But I will survive

**Gb**  
Cause I'll only let you in

**A** **E**  
When I can be sure of who you are

**Abm**  
And you can call it a game

But it's me playing safe

**Dbm**  
And God I'm so sorry

I'm just so sorry

**Gb**  
What can I say

**B**  
It's hard trying to stay alive

(CHORUS)

**Dbm** **A**  
And it's in your eyes

**E**  
That is all or nothing

**A**  
What I can't disguise

Is that you're on to something

**Dbm**  
I'll let myself go

Will you still want me

**A** **Gbm**  
Will I be enough the fear of that haunts me

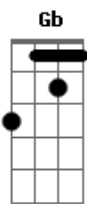

**B**  
Cause what if you walk away

(CHORUS)
