

# Céline Dion - Surprise Surprise

Tom: E

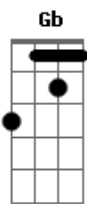

Surprise surprise  
 I told you lies  
 I thought the truth would set you free  
 Surprise surprise  
 It isn't all as it seems  
 But who knew you'd wake up from your dreams  
 If I told you myself  
 I could have saved you the hell  
 Now look who's sorry  
 God I'm so sorry  
 It was never the right time  
 I guess it's do or die  
 (CHORUS)  
 Just when you think you've got me figured out  
 Just when you think you know me well  
 Baby you've barely even broke the ice  
 My river runs wide  
 You're not inside  
 But you're closer than you were

Tonight I'm a chameleon  
 And every spot's hiding my scars  
 But I will survive  
 Cause I'll only let you in  
 When I can be sure of who you are  
 And you can call it a game  
 But it's me playing safe  
 And God I'm so sorry  
 I'm just so sorry  
 What can I say  
 It's hard trying to stay alive  
 (CHORUS)  
 And it's in your eyes  
 That is all or nothing  
 What I can't disguise  
 Is that you're on to something  
 I'll let myself go  
 Will you still want me  
 Will I be enough the fear of that haunts me  
 Cause what if you walk away  
 (CHORUS)
