

Céline Dion - Us

Tom: C

Am
I want to know why
Em
You're letting this die
Am **Em**
Without the blink of an eye
Am
You say that you need time
Em
I say you'll be fine

Refrão:

Am **C**
If you would only see
D
Like you did before
Am **D**
You became imprisoned
C **D**
Can I reopen the door
D
You say it doesn't matter
C
Then tell me what does
G
And why that isn't what
D
You've been thinking of
D
You say it's never easy
C **D**
Then tell me what was
G

Is it never worth the pain
D
Could you believe it was
C
When life keeps living **G**
That's what life keeps giving
Am **Em**
To us

Am
Once we were one mind
Em
Drifting in one time
Am
And ever true **Em**

We were friends
Am
But something is gone from my
Em
Picture of this life

Refrão

Bb **F**
The hope has vanished from your eyes
C **G**
You were my faith and one truth
Bb **F**
There's every reason to get through
G **F** **C**
And you're why I know there's a reason
