

Cellar Darling - Challenge

tom:

Intro: Bm D Gbm E

[Primeira Parte]

The time is nigh

I follow

All the echoes reciting to me

I'll read the sky and follow

The footsteps my enemies left for me

This is the sound, this is the sound, this is the sound

Hear me shout it out loud

[Refrão]

Challenge me to the death

With my feets stuck to the ground

How can we cherish our inner demons

Without shouting it, letting it, fighting it out

Challenge me 'till the early dawn

With my hands tied at the back

I know I'll bring you down to your kness at least

Crying mercy, mercy, have mercy

[Segunda Parte]

Bm D

I can't deny you're hollow

And I can't wait to bring you down

Delights my eyes

Your sorrow

And feeds my old ever so vengeful heart

This is the sound, this is the sound, this is the sound of you

Hitting the ground

This is the sound, shout it out loud, shout it, shout it,
shout it out loud
(refrão/chorus)
(apenas hurdy gurdy/only hurdy gurdy)

Challenge me to the death
With my feet stuck to the ground
How can we cherish our inner demons
Without shouting it, letting it, fighting it out

[Solo] Bm Gbm E
Bm Gbm E

[Refrão Final]

Challenge me to the death

With my feets stuck to the ground

How can we cherish our inner demons

Without shouting it, letting it, fighting it out

Challenge me 'till the early dawn

With my hands tied at the back

I know I'll bring you down to your kness at least

Crying mercy, mercy, have mercy on me
