B A Em  
Há muito tempo não via as andorinhas  
E quase me esqueci  
B B B B  
De voar junto a elas  
E Em  
No calmo amanhecer eu vi nascer

Hoje me lembrei da vida  
Da aurora tão linda  
De usar a inspiração  
Com os dedos dos meus olhos  
O acorde que me fez renascer

B Gb Abm Abm7  
Que encanto a melodia vibrar  
E Gb7 B B B Gb7 Gb7 Gb7  
Eu canto, em paz voar

Hoje descobri que a linha

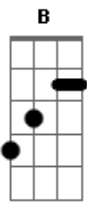

Que eu sigo é minha  
Tecida pra me conduzir  
E no fim soltar o laço  
Caminhar no espaço  
Na melodia me libertar

B Gb Abm Abm7  
Que encanto a melodia vibrar  
E Gb7 B B B Gb7 Gb7 Gb7  
Eu canto, em paz voar

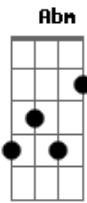

E B  
É ilusão estar só  
Dbm Gb7 Gb7 Gb7  
Nosso destino é juntar  
E B Abm  
Se chegar o anoitecer  
Dbm Gb7 Gb7 Gb7  
Rescrever a cantiga

B Gb Abm Abm7  
Que encanto a melodia vibrar  
E Gb7 B B B Gb7 Gb7 Gb7  
Eu canto, em paz voar
