

Celso Lira - Lua Bruxa e Fada

Tom: G

Eu tinha medo do futuro do escuro
 E a nova sorriu pra mim
 Você tão brilhante, radiante
 Tão cheia de luz e amor
 Te encontrei bruxa e fada
 Encantando, colorindo o céu e o mar

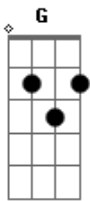

Que brilham por você

Eu caminhante na minguante
 Espero você e a noite chegar
 Você se aproxima, me abraça
 Sinto a graça crescente dentro de mim
 Te encontrei bruxa e fada
 Encantando, colorindo o céu e o mar
 Que brilham por você
